About This Content

This DLC is not compatible with an account created outside of Steam.

Huanghe is a Pan-Asian cruiser that preserves many traits of her British origins. Little wonder, as in the reality this ship began her combat life in the Royal Navy. Like most British cruisers, Huanghe carries a rich array of consumables. In addition to the standard Damage Control Party and Smoke Generator consumables, players can install Hydroacoustic Search, or the Torpedo Reload Booster consumable, unusual for cruisers. The latter enables the ship to fire several torpedo attacks very quickly.

Advantages:

- Six rapid-fire 152 mm guns with nice shell ballistics and velocity.
- Three torpedoes at each boardside. Torpedo range — 8 km.
- Torpedo Reload Booster consumable, not very typical for cruisers.
- Adequate AA defense for a ship of this tier.
- Extra credits per battle and 50% more XP provided by the camouflage.

Contents of this bundle:

-
- Huanghe, Tier VI Pan-Asian Cruiser;
 - Steam memorable flag;
 - slot.

If you already have this ship in your Port, you will receive 2,231 doubloons as compensation.
